SHEIKH HASEEB

Srinagar, Jammu & Kashmir • +91 6006275219 • shiekhhaseeb2019@gmail.com
LinkedIn • GitHub

Professional Summary

Computer Science graduate with hands-on experience building AI-powered applications using Python, FastAPI and LangChain. Contributed to real-world AI features including Buying Intent Detection and Engagement Score for FINN AI. Passionate about Data Science, Machine Learning and currently expanding expertise in Deep Learning and Large Language Models.

Education

Government College of Engineering and Technology (GCET) Ganderbal, J&K
Bachelor of Technology in Computer Science & Engineering *Nov 2021 – Jan 2026*

- **CGPA: 7.56 / 10**

Experience

Cogveel Technologies Pvt. Ltd. Remote
AI Engineering Intern *Apr 2025 – Present*

- Developed AI-powered backend applications using Python, FastAPI and LangChain.
- Implemented Buying Intent Detection for FINN AI to classify customer purchase intent from live conversations.
- Built Engagement Score feature for evaluating customer interaction quality during sales calls.
- Worked with Git, GitHub and Linux for collaborative software development.
- Contributed to backend API development and AI workflow integration.

Projects

FINN AI Sales Intelligence Platform | Python, FastAPI, LangChain

- Developed Buying Intent Detection to classify customer intent into Cold, Warm and Hot categories.
- Implemented Engagement Score for real-time conversation quality analysis.

Resume Parser | FastAPI, Python

- Built an AI-powered resume parser to extract structured information from resumes.

Research Paper Chatbot (RAG) | LangChain, Streamlit, LLMs

- Developed a Retrieval-Augmented Generation application capable of answering questions from research papers using semantic search.

Technical Skills

Programming Languages: Python, SQL, HTML5, CSS3
Frameworks & Libraries: FastAPI, LangChain, Streamlit, Pandas, Matplotlib
AI / Machine Learning: Machine Learning, Data Science, NLP, Retrieval-Augmented Generation (RAG)
Databases: PostgreSQL,Chroma
Tools: Git, GitHub, Linux (Ubuntu), VS Code, Postman

Currently Learning

Deep Learning, Neural Networks

Activities & Interests

Football • Cricket • Open Source • AI Research • Data Science
